

# M154B<sub>series</sub> Tier IV Final (T4F) Control Panels

00 Series – Kit of Parts

10 Series - 8X7 Panel

20 Series – NEMA 4x

## STANDARD

- 2.3" Monochrome Graphical LCD display
- Adjustable backlighting
- 3 buttons provide easy navigation through software screens
- Tier 3, 4, 4i and 4F Ready
- Engine Maintenance Timer
- User configurable engine speed limits
- Visual alarms
- SAE J1939 configurable throttle control
- SAE J1939 standard Diagnostics
- Engine Manufacturer Specific Diagnostics
- Inc/Dec or 2-State throttle switch

## OPTIONAL M300DP MODULE

- Auto Start
- Configurable input for oil pressure (Analog or CANBus)
- Configurable input for fuel level (Analog or CANBus)
- 2 configurable discrete inputs ( start protect, Engine Stop, Engine speed)
- External engine shutdown

## MECHANICAL

- Sealed Keyswitch 4 Position
- Throttle Switch
- CE Approved design
- Sealed 21 pin Interface connector
- Kit of Parts with out panel
